Sir:

The Examiner's approval of the drawing corrections to Figure 1A is respectfully requested for the above-identified application.

Fig. 1A has been amended to clarify sequence names and to replace an incorrect GI number. In particular, Fig. 1A was corrected to clarify the names associated with the sequences in the alignment disclosed in Fig. 1A, as portions from the same sequence had been inadvertently assigned differing sequence names. Furthermore, the "GI 11245938" number for the "h-prune.1\_Hs" sequence has been corrected to disclose "GI 24308263." Applicant contends that it is obvious to one skilled in the art that the "GI 11245938" number does not match the residues literally disclosed in the figure as filed, therefore, no new matter has been entered. No new matter is added. Applicant submits herewith replacement sheet of Figure 1A. A marked-up version of Fig. 1A is also enclosed for the Examiner's convenience.

Applicant believes that no fee is due for this submission. In the event that a fee is required with respect to this paper, please charge counsel's Deposit Account No. 01-2300 referencing Attorney Docket No. 026073-00006.

Respectfully submitted,
